intro

If a picture is really worth a thousand words then I really shouldn't have to write anything here. The pictures contained in these pages will speak volumes.

Welcome to ARIA'S Jay Anacleto sketchbook, though it is kind of funny to call it a sketchbook when most of the art contained here in is truely finished.

How does one describe a talent like Jay's? I don't think you do. I think you just get to appreciate it. So that is why we put this sketchbook together, to give you more to appreciate. Included here in are some of Jay's early sample work, some of the first pieces of his that I saw. I think you'll see why I hired him.

Enjoy it.
